

## RM-LP100 Firmware Update (V0323)

This is a notification on the addition of new features, feature modifications and onscreen display changes. Please read this together with the "INSTRUCTIONS".

### •Added ①[TRACKING] and ②[TRACKING MODE] to the USER1/USER2 buttons. [KY-PZ510N, KY-PZ510]

TRACKING (ON/OFF) and TRACKING MODE (STANDARD/AREA/STAGE/WIDE AREA/FINE ADJ.) to the USER1/USER2 buttons.

memo : \_\_\_\_\_

When TRACKING is ON, **TRACKING** is displayed.

TRACKING MODE can be switched only when TRACKING is OFF.

### •Added selection the target with the control lever during the auto tracking function operation. [KY-PZ510N, KY-PZ510]

You can select the target by moving the control lever left or right when there are multiple people.

### •Table of Corresponding Functions for Each Camera Control

Please refer to the following "Table of Corresponding Functions" for the settings and functions that can be operated.
